which is always in the vanguard; their mechanical parts are perfect, thanks to severe testing both during production and on the road.

**TOP SPEED
OVER
100 m. p. h.**

It is the ideal car for dynamic people, and can be supplied with either a 760 cc, 800 cc or 850 cc engine having performances beyond the expectations of the keenest driver. ABARTH cars, available in a large range of colours, can satisfy the refined ele-

gance of the most exacting womendrivers. Quick and agile in traffic, they are able to shoot ahead when the road is free and to maintain a high average speed even on long-distance touring, whatever the condition of the road surface may be.
