

The

"FIREBIRD"

THE FINEST 4-CYL. CAR
ALVIS HAVE EVER BUILT

A four-cylinder car first made the name ALVIS famous. The unprecedented success of ALVIS 12/50 four-cylinder models in racing and in the hands of enthusiasts all over the world has constituted one of the outstanding phases of post-war motoring history. The ALVIS "FIREBIRD"—successor to this line of famous models—is the finest four-cylinder car ALVIS have ever built.

Every detail of the "FIREBIRD" chassis reveals the brilliance of ALVIS engineering. Meticulous attention to the all-important question of weight distribution still further enhances the ALVIS reputation for perfect road-holding and safety under all conditions. These and many other qualities are exclusive to the ALVIS "FIREBIRD"—that is why every owner is such a great enthusiast. Price from £490.
