

# FLEUR DE LYS AUTOMOBILES

REPRODUCTION VINTAGE VEHICLES

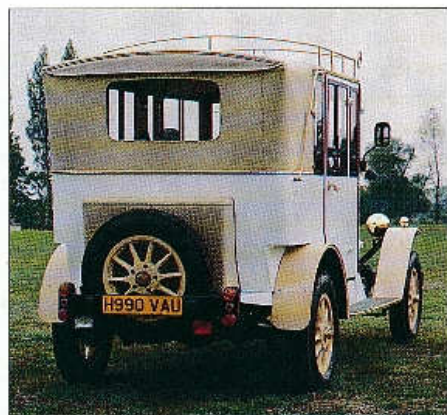

## INTRODUCING THE BELGRAVIA LANDAULET

# PERFECT FOR WEDDING HIRE, UNIQUE TOURS AND THAT 'SPECIAL' OCCASION!

The 'Belgravia' Landalet is the latest reproduction vintage vehicle from Fleur de Lys Automobiles. It is a conversion of the highly successful 'Newark' van.

## CRAFTSMANSHIP

It is constructed by hand using the finest skills of specialist craftsmen. Care and attention to detail have been the hallmark of the 'Newark' and the same is true of the 'Belgravia'.

It has a chassis constructed of steel and bodywork of aluminium and steel to give the

vehicle the longest practical working life.

The running gear is from Ford which ensures the vehicle is reliable and is easily serviced and maintained and carries a full manufacturers warranty. (It is powered by the Ford 2 litre engine which runs on unleaded petrol.)

The interior is of the highest specification. Included as standard is Connolly leather upholstery, wilton carpets, wool velvet roof lining and a mohair hood, creating a luxurious finish to an already special vehicle. But this can be enhanced even further

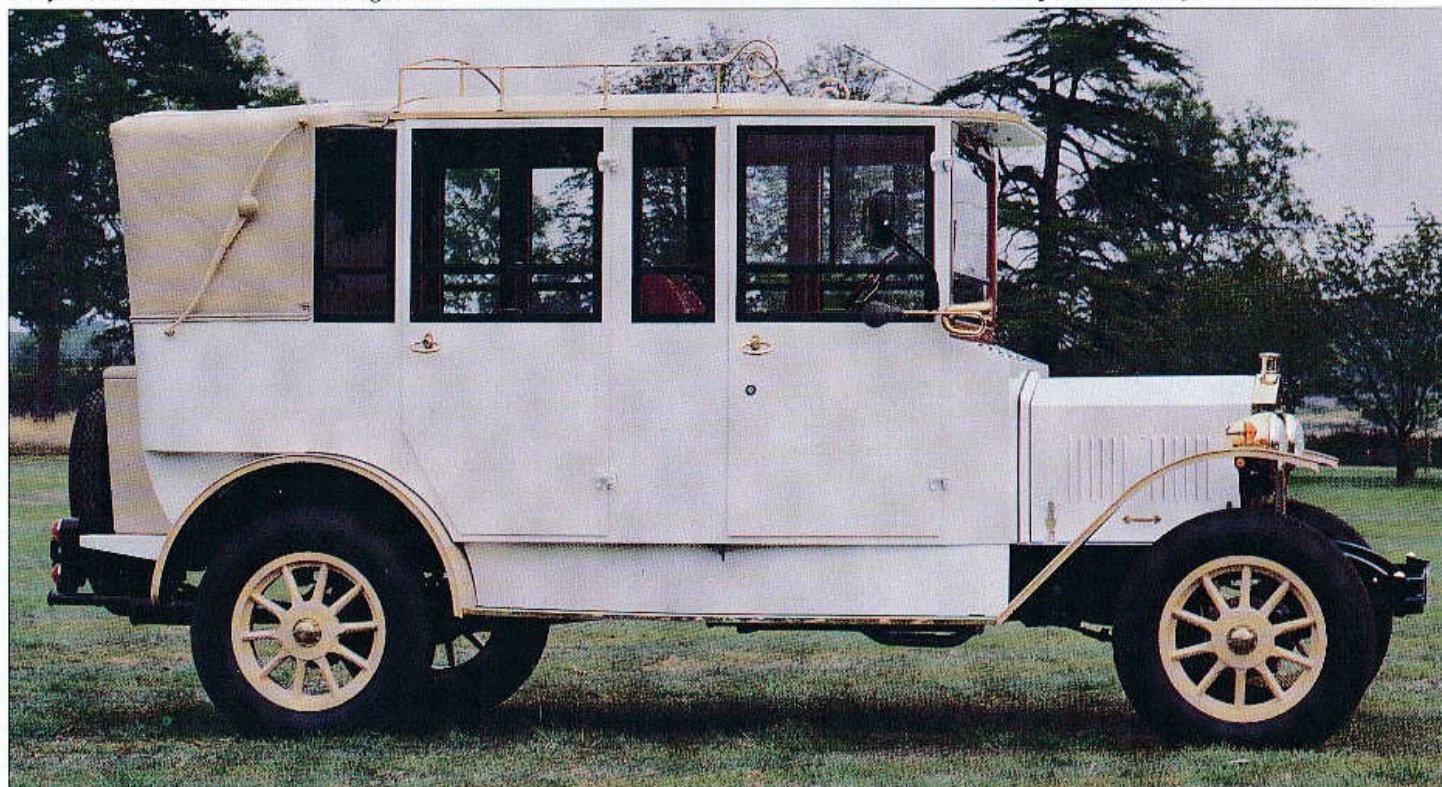

to match customers own requirements from an extensive list of options. It is available in a virtually unlimited range of colours and finishes.

It has a standard seating capacity of 4 plus the driver. Two extra "cab style" seats are available as an optional extra. The cabin is separated from the passenger compartment by a half height screen.

## WORLD LEADERS

Fleur De Lys Automobiles are the best and world leaders in the manufacture of reproduction vintage vans. Their experience and expertise lies behind every vehicle built and guarantees its quality and exclusivity.
