

1982 PONTIAC BONNEVILLE MODEL G

The mark of a great car is its ability to adapt without losing its character.

This year, in the face of new challenges, Pontiac's Bonneville has again adapted to demands for efficiency, for quality, for

performance, and for a new size car that's right for today. Without giving up six-passenger comfort, striking styling and a smooth ride, qualities that made Bonneville what it is and what it always will be.

BONNEVILLE MODEL G BROUGHAM. Our top-of-the-line Brougham has been designed for a trim, sophisticated new look. A shorter wheelbase and a lighter

frame result in impressive maneuverability and fuel economy.*

The standard computer-assisted 3.8-liter V-6 is combined with a 3-speed

automatic transmission with torque-converter clutch. There's also an available 4.1-liter V-6 and diesel V-8.**

*See enclosed model engine sheet for mileage ratings. **Requires available air conditioning.

The new Model G Brougham. Built as tough as road performance, but with good appearance. Some available features shown.

IMPORTANT:
A WORD ABOUT THIS CATALOG. We've tried to make this catalog as comprehensive and factual as possible and we hope you find it helpful. However, since the time of printing, some of the information you will find

here may have been updated. Also, some of the equipment shown or described throughout this catalog is available at extra cost. Your dealer has details and, before ordering, you should ask him to bring you up to date.

Pontiac is reserved to make changes at any time, without notice, in prices, colors, materials, equipment, specifications and models. Check with your Pontiac dealer for complete information.

The spacious Brougham interior is a welcome place for you and five friends to sit back and relax on your way to the theater. The long list of standard features includes luxury 60/40 split front seats, thick carpeting and polite chimes to remind you of keys, seat belts and headlamps. Available features also shown.

BONNEVILLE MODEL G SEDAN. Just by knowing it's a Bonneville you can assume our Model G Sedan possesses attributes like comfort, room and style. But only after owning one will you discover everything the Bonneville Model G Sedan has to offer.

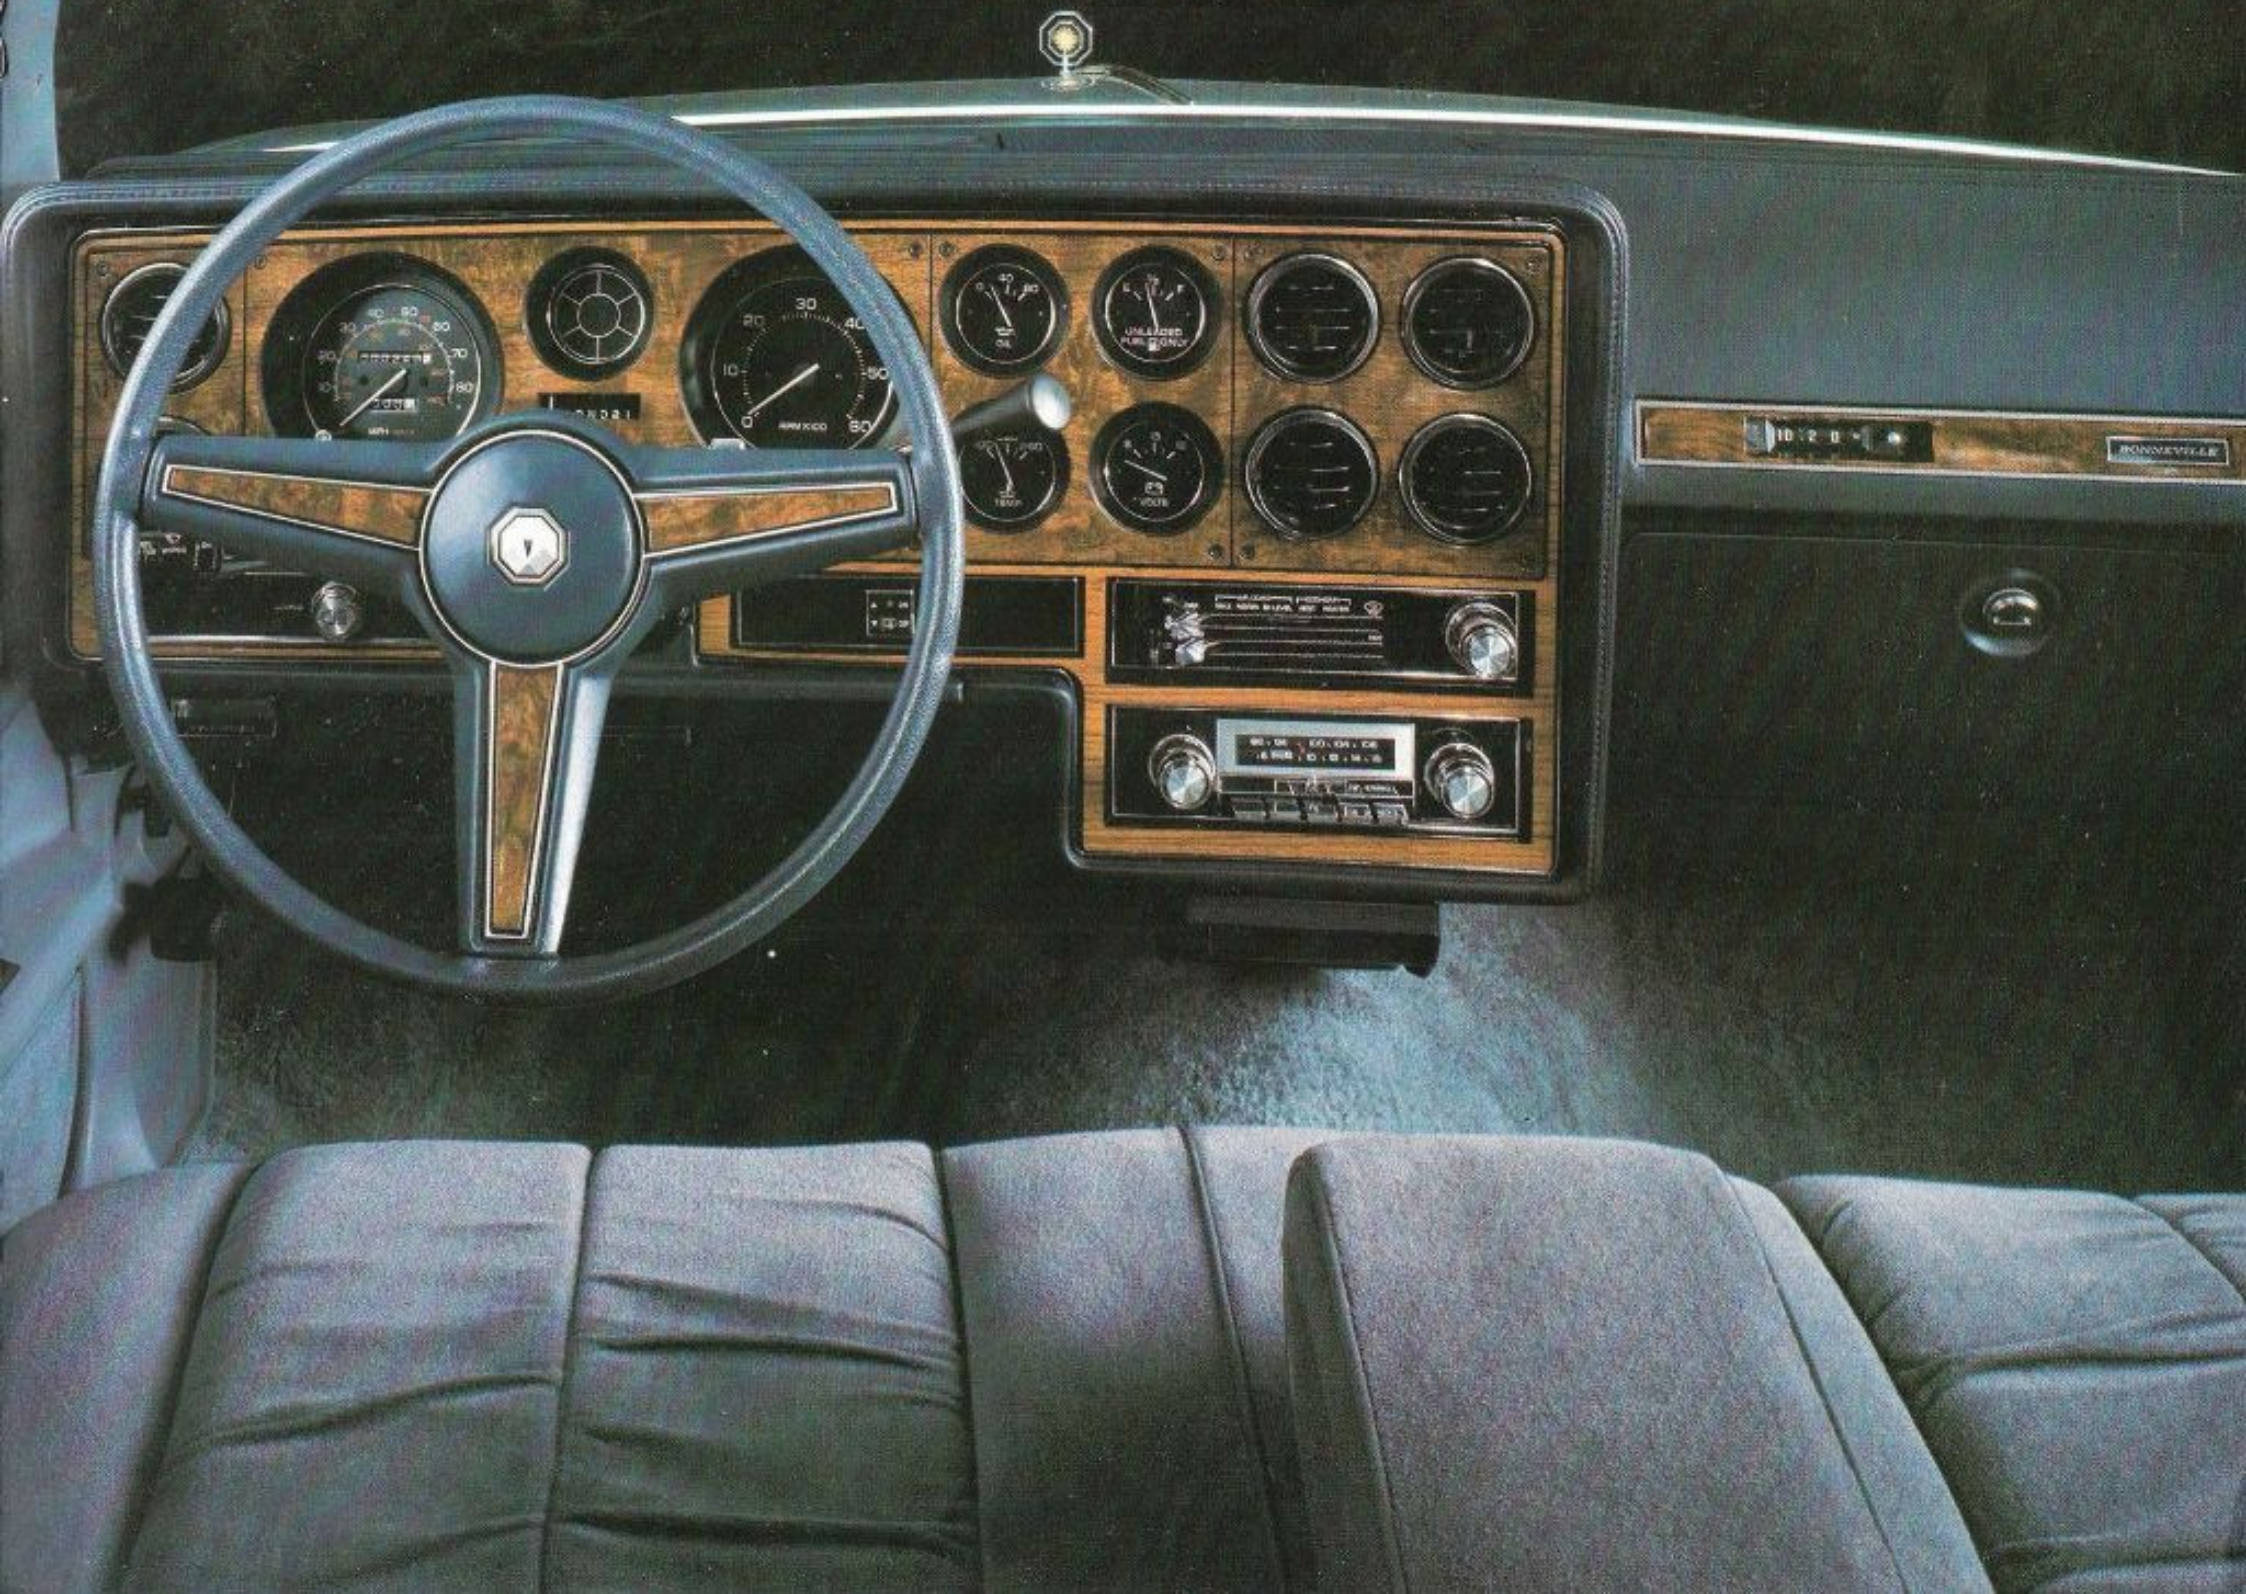

On cold mornings you'll appreciate its high-energy ignition system for quick starting and smooth engine operation. On the highway its power steering will help you untangle corkscrew turns. Its full-coil suspension will help you glide fluidly over

rough spots. And down the road you'll be glad your Bonneville Model G Sedan has anti-corrosion treatments and was designed for 30,000 miles between recommended spark plug changes, under most operating conditions.

After you discover everything the Bonneville Model G Sedan has to offer, you'll agree it's an irresistible value. Some available features shown.

Pontiac designed the cockpit logically, to provide easy access to controls and gauges. Some available features shown.

BONNEVILLE MODEL G WAGON. The Model G Wagon is every bit a Bonneville in styling and comfort. It can handle six people comfortably. But it can also

handle the kind of cargo that you might reserve for a more utilitarian wagon.

In back, with the rear seat folded down, there's more than 71 cubic feet of cargo

space ready to work for you. While up front, the Model G Wagon's exquisite interior is fully capable of transforming a tedious errand into a pleasure cruise.

The Bonneville Model G Wagon is a delight to drive, whether you're carrying cargo or getting carried away on your favorite country road.

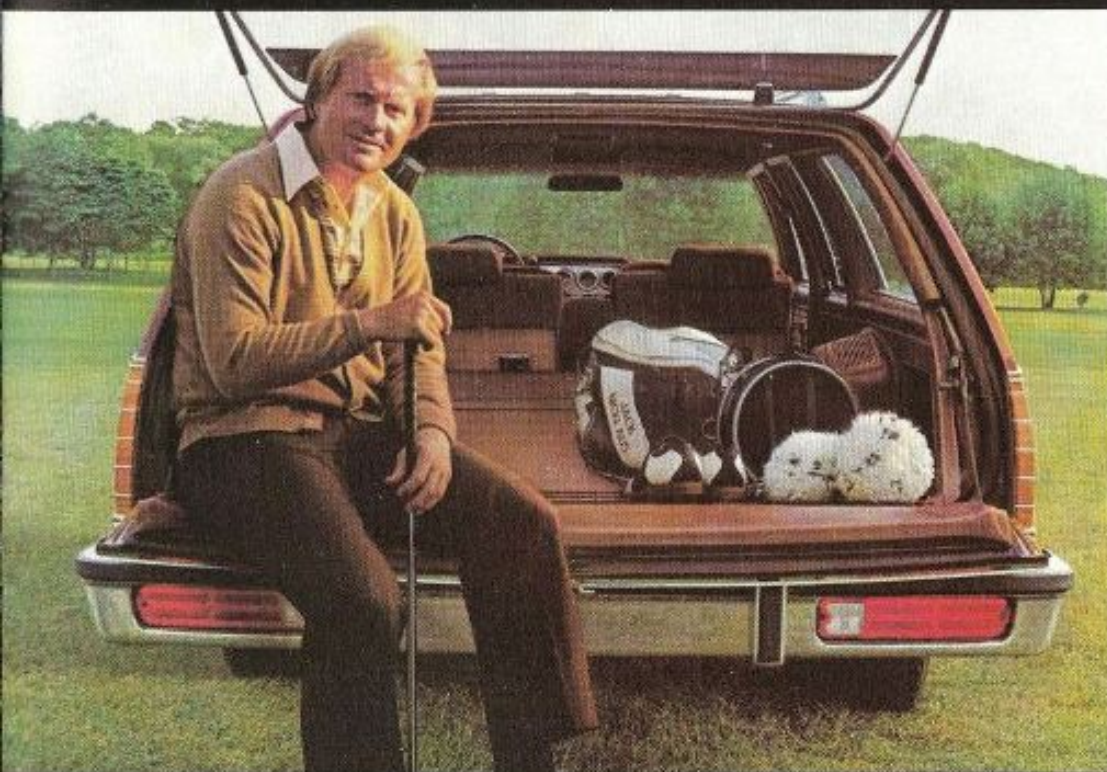

Other available features also shown on these pages.

Coming or going, the Model G Wagon looks impressive. And by adding the available luggage roof rack you can increase an already generous capacity for cargo.

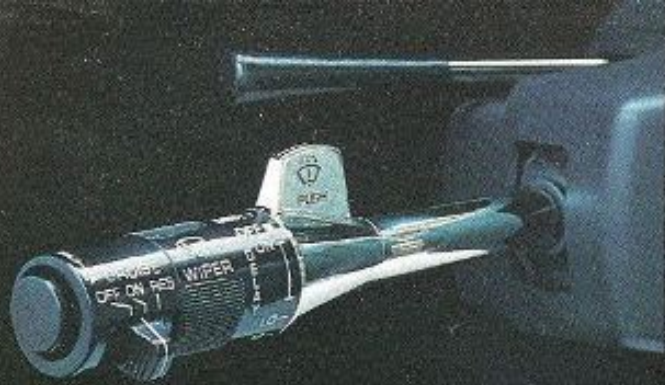

The available tailgate air deflector directs wind across the rear window to help keep dirt and debris off the glass.

Fold down the rear seat and there's more than 71 cu. ft. of cargo space for golf clubs or groceries. Plus concealed storage beneath the floor for valuables.

When all the work is done and you're ready to relax, an available 60/40 split front seat is ready for you.

Multi-function lever with available cruise control.

Optional 6-way power seat on available 60/40 split front seat.

Available Delco-GM AM/FM stereo radio with signal seek and scan digital readout.

Power windows and locks are available.

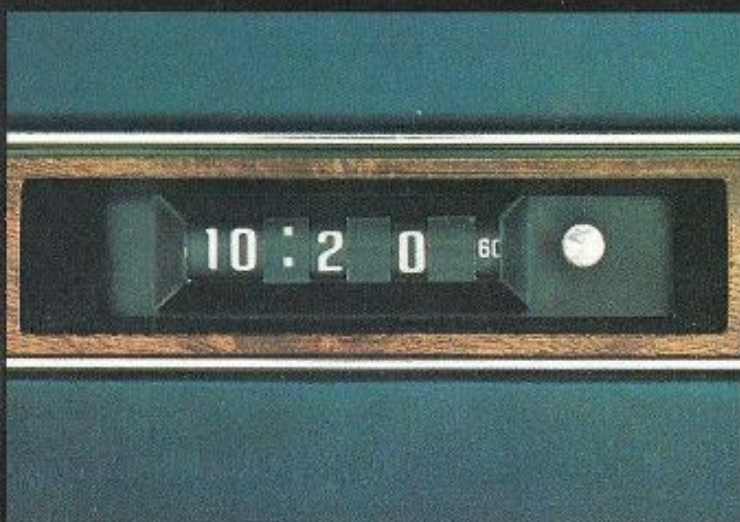

Optional illuminated visor vanity mirror.

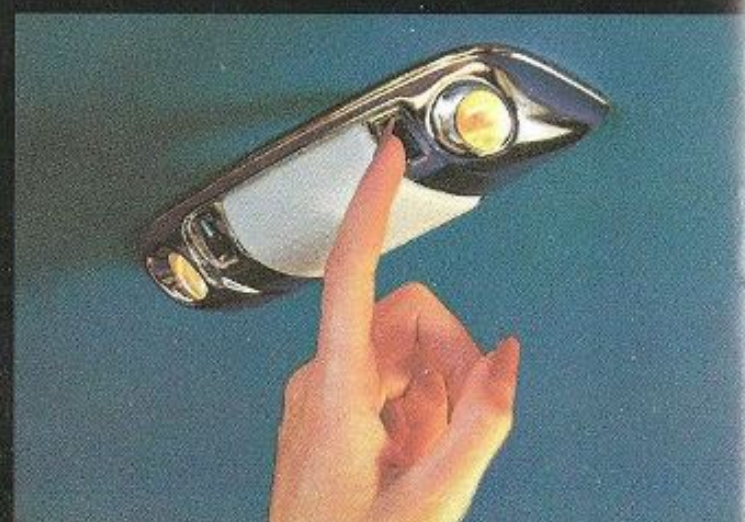

Cast aluminum wheels are available.

Available power trunk release.

Digital clock is available (with lamp group and air conditioning only).

Available dome and reading lamp.

ABOUT ASSEMBLY, COMPONENTS AND OPTIONAL EQUIPMENT IN THESE PONTIAC PRODUCTS.

The Pontiacs described in this brochure are assembled at facilities of General Motors Corporation operated by Pontiac, GM Assembly Division or GM of Canada. These vehicles incorporate thousands of different components produced by various divisions of General Motors and by various suppliers to General Motors. From time to time during

the manufacturing process, it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emissions, safety and fuel economy requirements, or for other reasons, to produce Pontiac products with different components or differently sourced components than initially scheduled. All such components have been approved for use in Pontiac products and will provide the quality performance associated with the Pontiac name.

With respect to extra cost optional equipment, make certain you specify the type of equipment you

desire on your vehicle when ordering it from your dealer.

Some options may be unavailable when your car is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest that you verify that your car includes the optional equipment you ordered or if there are changes, that they are acceptable to you.

- On-board "check engine" light on instrument panel (NA with optional diesel engine)
- High-energy ignition (NA with optional diesel engine)
- Speedometer graduated in kilometers per hour as well as miles per hour (odometer registers miles)

A WORD ABOUT ENGINES

Some Pontiacs are equipped with engines produced by other GM divisions, subsidiaries, or affiliated companies worldwide. See model/engine sheet or your dealer for details.

THE GM CONTINUOUS PROTECTION PLAN

The GM Continuous Protection Plan is now available to anyone purchasing a new Pontiac. It is one of the most extensive programs of its kind, providing added repair protection (over and above the usual Pontiac limited warranties) against the cost of UNEXPECTED REPAIRS plus an allowance for towing expenses during and after the GM New Vehicle Limited Warranty period. And it's transferable.

The Plan covers up to ten major assemblies (inc. engine, front-wheel drive, factory air conditioning, even the electrical system) plus most seals and gaskets.

The Plan offers an allowance toward the cost of a RENTAL VEHICLE should your car be inoperable and kept overnight for repairs (for any failure covered by the GM New Vehicle Limited Warranty or this plan).

The Plan also provides an allowance for TOWING or EMERGENCY ROAD SERVICE in the event any part covered by the Plan should fail—and during the New Vehicle Limited Warranty period if your car is disabled for any reason at all.

The GM Continuous Protection Plan lets you cancel within 60 days and receive a full REFUND, providing you have filed no claims under the Plan. Best of all, the GM Continuous Protection Plan is honored at participating Pontiac and other GM dealers across the country.

See your Pontiac dealer today about the length of coverage you need with this exciting GM Protection Plan. (Available in United States and Canada only.)

BONNEVILLE MODEL G FACTS & FIGURES

Now that you've decided on a Pontiac, you're ready for the next step: selecting the combination of "extras" that will make it uniquely yours. Take your time and study Pontiac's long list of standard and available features. Then see your dealer about buying or leasing a 1982 Pontiac.
