1912 Stevens-Duryea Sixes—Closed Car Models

Berlines—Limousines—Landaulets

THE famous Stevens-Duryea "Unit Power Plant" supported on "Three Points," the "Multiple Disc Dry Plate Clutch," and the fact that we are PIONEER BUILDERS OF AMERICAN SIXES, make your final choice a simple matter. Power, flexibility and unusual comfort under all conditions of road and weather are perfectly combined in the pioneer American motor cars *built 'round a basic principle.*

Interesting literature mailed upon request, but a visit to a Stevens-Duryea dealer, where you can examine the cars themselves, will prove more interesting to you.
